Yukko (Honda Yukiko)

A high schooler who got caught in Alice's matter-shrinking field. She has since teamed up with Alice and is now on the run.

Alice has the power to transform the world...

Alice

A foreign girl who's considered the "ultimate weapon." She holds the power of matter manipulation—the ability to shrink or enlarge mass and matter itself.

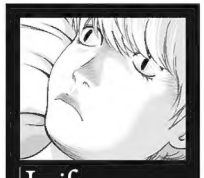
Characters

Asamiya

A female SDF officer tasked with capturing Alice.

Genda

A regular guy who also got caught in Alice's matter-shrinking field. He's been helping them flee their would-be captors.



Iosif

A foreign boy who grew up with Alice in the same lab and is now helping the SDF find her. He can possess the minds of babies and small animals, and can see through their eyes.

Taki

A man who got caught in Alice's matter-shrinking field. Has mysteriously reappeared...

Story

Telekinesis, telepathy...
the power to control other lifeforms...
the power to manipulate memories.

The people with these powers are called Wonders. Every country on Earth has them, operating in the shadows as weapons, while trying to find a cure for their conditions.

Among the Wonders, there is a girl who can shrink and expand the mass of an object at will. Her name is Alice—a girl who can return everything to nothing, a girl who holds the power of God in her hands. She is the ultimate weapon.

Driven by the fight for control of Alice, a war is about to begin—a war unlike any humanity has witnessed before...

READING DIRECTIONS

This book reads from ***right to left***, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!
